Surface Pro With LTE Advanced

Fact Sheet November 2017

The wait for the most connected laptop in its class⁸ is over — meet the new Surface Pro with LTE Advanced. Surface Pro with LTE Advanced delivers a great mobile experience without sacrificing the flexibility, power or performance that people love about Surface Pro.

Surface Pro with LTE Advanced does not make compromises when it comes to integrating LTE, offering 12.5¹ hours of battery life for a seamless, connected experience while people work, study, create or relax. With the Surface Pro Signature Type Cover³ and Surface Pen,³ it allows people to type like they're on a laptop and draw like they do on paper.

Top Features and Benefits

- **Exceptional performance.** Surface Pro with LTE Advanced allows people to stay connected with a blazing fast cellular connection. The CAT 9 modem makes Surface Pro with LTE Advanced the fastest LTE-enabled laptop in its class,⁷ so there's no question that the device will keep up with their fast-paced ideas. It will never lag behind where creativity takes people, letting them stay productive for hours.
- Global connectivity. Connectivity should be instant, intuitive and always on. That's why Surface
 Pro with LTE Advanced offers a seamless experience. With LTE, people can be productive
 anywhere, anytime without worrying about the security of public Wi-Fi networks. People can
 count on consistent internet connectivity in nearly any country, with support of 20 LTE bands.²
 The combination of LTE and Wi-Fi means connectivity concerns fade into the background so
 people can simply do more.
- The best of Microsoft hardware and software. Surface Pro with LTE Advanced ships with Windows 10 Creators Update and is fully compatible with the programs people need to be productive. Optimized for Windows Hello, Skype⁴ and Microsoft Office 365³ with new inking features in Word, Excel and PowerPoint coming first to Windows touch-enabled devices and designed to work best with the new Surface Pen on Surface Pro. Now people can work, connect and create even more in the most widely used productivity suite no matter where people are.
- Future-proof design. The new Surface Pro with LTE Advanced has the same beautiful design aesthetic for which Surface devices are recognized. It features a color-calibrated, high-resolution 12.3" PixelSense™ Display with 267 PPI and a great 3:2 aspect ratio, updated for fast color profile switching. Surface Pro with LTE Advanced is a future-proof solution, so people can choose between using a removable SIM card or embedded SIM, to connect on the individual's terms.

Technical Specifications

Operating System	Windows 10 Creators Update Microsoft Office 365 30-day trial
Exterior	Dimensions: 11.50" x 7.9" x 0.33" (292mm x 201mm x 8.50mm)
	Weight: 7 th Generation Intel® Core™ i5 with LTE Advanced: 1.79 lbs (812 g)
Display	Screen: 12.3" PixelSense™ Display Resolution: 2736 x 1824 (267 PPI) Aspect Ratio: 3:2 Touch: 10 point multitouch Corning® Gorilla® Glass 4
Processor	7th Generation Intel® Core™ i5-7300U
Graphics	Intel® HD Graphics 620
Memory	4GB/8GB RAM 1866Mhz LPDDR3
Storage⁵	BGA PCIe NVMe Solid State Drive (SSD) options: 128/256 GB
Security	TPM 2.0 chip for enterprise security Enterprise-grade protection with Windows Hello face sign-in
Network ² (LTE Advanced models)	4G LTE CAT 9 modem up to 450 Mbps GPS/GLONASS: Standalone and Assisted GNSS, accuracy up to three meters Nano SIM Tray and Embedded SIM (eSIM)
	LTE Advanced (Bands 1, 2, 3, 4, 5, 7, 8, 12, 13, 17, 19, 20, 26, 28, 29, 30, 38, 39, 40, 41)
Battery ¹	Up to 12.5 hours of video playback
Cameras, video and audio	Windows Hello face authentication camera (front-facing) 5.0MP front-facing camera with 1080p Skype HD video 8.0MP rear-facing autofocus camera with 1080p Full HD video Dual microphones 1.6W stereo speakers with Dolby® Audio™ Premium
Ports	Full-size USB 3.1 Gen 1 microSDXC card reader Surface Connect 3.5mm headphone jack Mini DisplayPort Cover port
Sensors	Ambient light sensor Accelerometer Gyroscope

Power supply 44W power supply with USB charging port
